Software Requirements Specifications: Unravel
Software Engineering Project
CS Team:02

Review By- Prakhar Kulshrestha

October 5, 2017

- Title page formatting error
- Community restrictions not very clearly specified
- Bracket missing in section 2.2, Product Functions
- 'V' in viewed in capital in section 2.2
- Define usage level of each user class
- Explain about the platforms on which the software will be operating
- Change the heading from "Youtube" to "Video" and "Github" to "Data"
- Add a point regarding CSE knowledge in 'Assumptions and Dependencies'
